

CRN Approval Sheet

NBV CO₂ Valves

The Canadian Registration Number (CRN) is a number issued by each province or territory in Canada by an authorized safety authority for any boiler, pressure vessel or fitting that operates at a pressure greater than 15 psig (1 barg). The CRN identifies that the design has been accepted and registered for use in that province or territory.

All NDL NBV CO₂ Valves are CRN approved, you can find a list of our CRNs below:

Alberta: 0C05607.62
